

Data for testing

We offer you below some data to perform the tests. You can use them as well as other information. It is up to you.

1. Individual data

When we are on the green'it homepage (personal side), to create an account click on "Take part in action" and to connect to an already existing account, click on "Log in".

Type	Email	First name	Last name	Password	Age	City	Country
Non-Existing account	challenge@atos.com	Sarah	House	\$ilovegreenit\$	22	Lyon	France
Existing account	test@atos.com	Marc	Flower	Atositchallenge2021!	39	Paris	France

These accounts are composed of a fake email address. For the forgotten password tests, we suggest you use a real email address, to which you have access.

2. Organization data

When we are on the green'it homepage (organization side), to create an account click on "Sign up in seconds" and to connect to an already existing account, click on "Log in".

Type	Email	Organization's name	Type	SIRET	First name	Last name	Password
Non-Existing account	charlotte@green.com	Green	Association	130 023 385 00011	Charlotte	Smith	Ecologyforever!1998
Existing account	ben@green.com	Earth	Company	4080247190 0572	Ben	Jones	Carbonfootprint!234

These accounts are composed of a fake email address and organization. For the forgotten password tests, we suggest you use a real email address, to which you have access.

When logging into Ben Jones Green's account, you are prompted to complete the following organization profile. We offer the following data:
